

State Fair A Big Success Mid-Winter Show To Be Held

Ohio State Fair, 1914, was complete. No frauds. No arrests. Respectable, dignified in all its parts. Organized and systematized. No confusion. No wasted effort. For first time Iowa and New York state fairs came same week. This slightly reduced entries, but Ohio still had greatest stock show. War and rain were handicaps, but thousands came. Grounds were beauty beyond compare. Flowers, flags, music and good humor were in evidence. Some departments touched record marks. No free passes

worried politicians and petty office holders. In January a Mid Winter Fair will be held, state fair ground. The "Big Four" will combine, viz: The "tate Apple, Corn, Dairy and Poultry shows. Each great in itself. A score of agricultural and breeders' meetings will be held in Columbus same week to concentrate, unity, and promote producing interests. Invest at home. Shun bubbles far away. They 'bust'. The Truth Will Boom Ohio. Opportunity abides here.

FARMERS' ORGANIZATION

A little more than a year ago a number of farmers near Kalida, Putnam county, organized a livestock and poultry association. The purpose of the association is to improve the various classes and breeds of livestock and poultry raised in the community. The association holds meetings several times during the year and an annual livestock show. At their second annual show which was held the first

week in September, they exhibited 50 head of cattle, 100 horses, and about 100 chickens. None but members of the association are permitted to exhibit at their show.

TOLEDO MAN EXPECTED TO DIE BY SEPTEMBER 20—BUT CHANGED MIND

Real Estate Dealer Finds New Life in First Dose of Mayr Remedy.

D. L. Bower, treasurer and manager of the New Overland Real Estate Exchange of Toledo, thought death was close upon him. He suffered from derangement of the stomach and digestive tract and his condition was highly discouraging.

He took Mayr's Wonderful Stomach Remedy. Then he cheered up and went to eating. He had new interest in life.

J. W. Wood, Mr. Bower's partner, wrote:

"This remedy is surely one of the greatest medicines I ever heard of. My partner spent \$2,000 with renowned doctors in trying to get relief. He gave himself until about the 20th of September to live. He has taken three doses of your remedy. Now he can eat and sleep without any distress."

Mr. Bower's experience was like that of hundreds who have suffered just as he did. Mayr's Wonderful Stomach Remedy is known all over the country. Thousands have discovered its remarkable merit.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to all drug

store and ask about the results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and grateful letters from many people who have been restored. Any druggist can tell you of its wonderful results.

OYSTERS ARE HERE

From places where the succulent bivalves grow emanate the joyous news that one of the beneficent results of the European war will be that the peaceful and good old U. S. A. will enjoy the greatest and best oyster season in its history. For many years England has taken the choicest oysters produced along the shores of Long Island which have produced ex-

clusively for the European trade, but now the owners are unable to make shipments, it is reported, and these oysters must be sold on the home market. Oyster growers report that never before have the beds been in such fine condition, and even if there had been no war the crop was expected to be the largest in the history of the trade. The crop this year, in addition to being unusually large, is reported to be of more exquisite flavor. Predictions of the growers are that prices will be lower this season than they were last year.
